GoodVision Food Pills is powered with the benefits of Cod liver oil which is a great source of Vitamins A, D, and E . It is also an excellent source of healthy Omega 3 fatty acids in the form of EPA (Eicosapentaenoic acid) and DHA(Docosahexaenoic acid). Both are essential for eye and brain health and only found richly in seafood. It helps in reducing the effects of Dry eyes. Cod liver oil is the preferred source for EPA and DHA, the omega-3 essential fatty acids that are among the most important nutrients for the development, function, and maintenance of eye tissue throughout life.
